Several very fine Instruments were on exhibition fruit after a ment patient and thorough examination of their respective merits, the judges unanimously decided that the one from the Mannfactury of Wm. Without wishing to appear inviduous, we will add that the on terprise, public spirit and untiring energy with which the Messrs. NAMEVILLE & CHATTANOGE R. E. CO. Superintendent's Office.

DURING the time breaks on the Western and Atlantic Ballroad of Georgia, were being repaired, we used every exertion to accommodate the business of our Local station, including Chattaneoga. But now, that the breaks in the State
Road have been repaired, and Trains are running through to
Atlanta. We think it our duty to move in regular turn, according to dates, the freights that have accumulated during the supension of transportations over the Western and Atlantic Bailroad. Therefore, no mere freight for our Local stations, including Chattanogra, can be received until further actice. And desiring to de equal justice to all, during this unprecedented runh
freight, we request all parties in the city interested in the
snipment of both, through and local freight; to furnish us with
statements of freight ready for shipment, that they may be entered upon our Books and take their regular turn. The Manifests from Steamboats and the Louisville road, will show for
themselves as to dates.

TAKE pleasure in announcing to my old friends and sustomers that after an absence of two years, I have again returned to resume the practice of the Photographic Art in all its branches, having purchased the interest of my brather in the old established Gallery in Union Street, and having spect four menths in New York the past Summer to obtain fully all the late improvements in the art. That my facilities are now better to produce first-class work than most Galleries can beast of, and conduse to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has beretofore sustained, but to elevate it to a ritil higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world who took the Pictures which obtained the first premium at the World's Pair in London, in 1851, and I am determined not only to make this the leading Gallery in a State, but my work shall not be surpassed North or Son and new introduce to the public the following new styles:

Ivorytypes, colored;
Pastel Pictures, life size;
